Special Instructions;

Full Service of E-Tec Injector \$65 each - Includes Report, New Filter/O-Rings/Crush Ring and Return Standard Freight
If we cannot repair the injector \$35 each - Includes Report and Return Standard Freight

- Send the injector with the housing in place. Don't send the bolts or the fiber spacers.
- Package the Injectors Carefully as to not have fuel leak into shipment. Drain, dry and place each Injector into an individual bag and mark with cylinder number. This will correspond with repair reports for clearer troubleshooting of the engine.
- We will contact you upon completion of service regarding return shipping options and to arrange for payment.
